

# MUELLER® Mini-BAND™ Clamp 1/2"-2"

Convenient application/360° uniform seal

**T**he Mueller 230 Series Mini-Band Clamp is an ideal solution for sealing pinholes, punctures, splits and small abrasions on 1/2"-2" rigid pipe (copper, steel or PVC). Its compact design allows repair in tight conditions.

The best way to ensure the damaged area is completely sealed is to use the Mueller full-encirclement Mini-BAND Clamp. This clamp fully encircles the damaged area of pipe with

Note: Gasket is shown in proper alignment with stainless steel band.

a one-piece rubber gasket that includes integral stainless steel gap bridges recessed and bonded in place. A stainless steel band with drop-in style ductile iron lugs is placed around the gasket assembly. This secures the gasket and ensures a uniform sealing force around the entire circumference of the pipe.

The Mini-BAND Clamp is available with zinc-plated steel or stainless steel bolts and nuts.

Position the Mini-BAND insert as shown.

With lugs centered over one of the gap bridges.

Drop in the bolt and tighten.

## Mueller® MINI-Band™ Clamp Dimensions

### ZINC-PLATED STEEL BOLT

| Catalog #   | Nominal Pipe Size | O.D. (inches) | Width (inches) |
|-------------|-------------------|---------------|----------------|
| 230-03-0063 | 1/2"              | 0.63          | 3              |
| 230-06-0063 |                   | 0.63          | 6              |
